

5. Any action taken by County or State election authorities on or after May 1, 2007, regarding the conduct of Town Elections, whether or not related to complaints received, including any comments, findings or reports by the authorities.

I understand the practice of forwarding prospective Election Officials' names to the Town Clerk was established before our current Town Clerk, Carol Orndorff, assumed her position in 1987. Our Town Code Charter provision governing Town elections was last amended in 1973 and states elections in the Town shall be conducted in accord with all applicable provisions of Title 24.1 (now 24.2) of the Code of Virginia. Additionally, I am aware of the general provisions of Virginia Code §24.2-115 (Appointment, qualifications, and term of officers of election) and Virginia Code §24.2-601 (Town election process). Other than the above information, I do not have much information other than "this is how it has always been done" which is obviously insufficient to respond to the Mayor and Town Council.

Please feel free to call me if this request raises any questions and thank you for your assistance in this matter.

Sincerely,

Steven D. Briglia
Town Attorney
